# ISO 9001, 14001 & 45001 INTERNAL AUDITOR

## Course Introduction

The Integrated Internal Auditor's Course is designed to assist organizations of varying sizes and complexities in assessing and auditing their management systems in line with ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 standards. Following ISO 19011 guidelines, participants will be prepared to assess the efficient implementation and maintenance of a management system.

The course emphasizes practical skills and knowledge, ensuring that participants can confidently carry out audits that not only identify non-conformities but also provide opportunities for continuous improvement. Experienced trainers use a combination of theoretical lessons, real-life case studies, and interactive exercises to create an engaging learning environment.

Upon completion, participants will possess a robust understanding of risk-based thinking, which is fundamental to modern management systems
